<https://zacnedianu.com>

Photographer, videographer and content creator specialising in live music, events and action photography. Experienced in low-light photography, multi-camera video production and short-form social content.

Confident managing projects from capture through editing, publishing and promotion, with additional experience in music production, hospitality management and event organisation.

CREATIVE EXPERIENCE

No Splits — Live Radio Session at 4ZZZ | 2026

- Independently secured the radio appearance through direct outreach and managed the associated video and promotional production.
- Produced a 90-minute YouTube session video, individual performance videos and promotional edits for Instagram Reels, TikTok and YouTube Shorts within a two-day turnaround.
- Managed multi-camera editing, audio synchronisation, colour correction, motion graphics and platform-specific exports while also performing in the session.
- Coordinated content scheduling, social promotion, discoverability optimisation and performance monitoring.

AfterDark — Live Music Event | 2026

- Collaborated with MothbellySounds on event organisation and promotion.
- Produced a pre-event promotional Reel supporting ticket awareness and sales.
- Captured live performance photography and video, completing and publishing edited event photographs.

CATPISS — BIGSOUND, The Brightside | 2026

- Independently captured and edited live performance photography in a fast-paced, low-light venue environment.

TECHNICAL SKILLS

Photography: Manual camera operation, low-light photography, live music and action photography, RAW processing, colour correction, selective retouching and photo delivery.

Video Production: Shoot planning, camera operation, gimbal stabilisation, multi-camera editing, audio synchronisation, colour grading, titles, motion effects and platform-specific delivery.

Software: Final Cut Pro, Pixelmator Pro, Photomator, Apple Compressor and Logic Pro. Currently developing animation skills with Apple Motion.

Content & Promotion: Instagram Reels, TikTok, YouTube Shorts, content scheduling, promotional graphics, platform optimisation and performance monitoring.
